

National Survey - OIS with Pistol RDS

* Required

1. What is your involvement with this OIS incident? *

Mark only one oval.

- LEO that used the RDS pistol in the OIS
- Investigator directly involved with the OIS investigation
- Firearms Instructor debriefed on the OIS incident
- Other

2. IF OTHER...please describe your involvement...

3. Please list name and email address in case clarification or additional questions are needed about this incident... *

Skip to question 4

Pistol / RDS Information

4. What was the pistol manufacturer? *

Check all that apply.

- Glock
- Smith & Wesson
- Sig Sauer
- Springfield Armory
- FN Herstal
- CZ
- Heckler & Koch
- Beretta

Other: _____

5. IF OTHER, please list the manufacturer and model.

6. What was the pistol caliber? *

Mark only one oval.

- 9mm
- .40 cal
- .45 cal
- Other: _____

7. What was the RDS manufacturer? *

Check all that apply.

- Trijicon RMR
- Trijicon SRO
- Leupold Delta Point Pro
- Holosun 407/507/508 variant
- Holosun 509T
- Aimpoint ACRO
- Vortex Venom / Viper
- Sig Romeo 1 / Romeo 1 Pro

Other: _____

8. How was the RDS attached to the pistol? *

Mark only one oval.

- Milled slide
- Adapter plate
- Rear sight dove tail mount
- Other

9. IF OTHER...please describe...

10. What style of back-up sights were installed? *

Mark only one oval.

- No back-up sights
- Standard height sights
- Suppressor height sights
- Mount/optic integrated sights
- Other: _____

Pre-Incident / Training Information

11. How long had the shooter been carrying a pistol RDS prior to the incident? *

Mark only one oval.

- Less than a year
- 1 Year
- 2 years
- 3 years
- More than 3 years

12. Did the agency require the shooter to attend any pistol RDS training before deploying with it? *

Mark only one oval.

- No
- Yes

13. IF YES...how many hours of training?

Check all that apply.

- 3-5 hours / half day
- 8-10 hours / 1 day
- 16-20 hours / 2 days
- 24-30 hours / 3 days
- More than 3 days

14. Approximately how many total hours of formal live-fire training (agency and private sector) did the shooter have using a pistol RDS prior to the incident? *

Check all that apply.

- 10 hours or less
- 11 - 20 hours
- 21 - 30 hours
- 31 - 40 hours
- more than 40 hours

15. Approximately how many practice rounds total (agency training, private sector training, and personal practice) did the shooter use with a pistol RDS prior to the incident? *

Check all that apply.

- 1000 rounds or less
- 1001 - 2000 rounds
- 2001 - 3000 rounds
- 3001 - 5000 rounds
- More than 5000 rounds

OIS Incident Information

16. Please list the date of the OIS... *

17. Please list the location (city/county & state) of the OIS... *

18. Was the OIS an "on-duty" or "off-duty" incident? *

Mark only one oval.

On-duty

Off-duty

19. How many total shots fired using the pistol RDS? *

Check all that apply.

1 round

2 rounds

3 rounds

4 rounds

5 rounds

6 rounds

7 rounds

8 rounds

9 rounds

10 rounds

11 rounds

12 rounds

13 rounds

14 rounds

15 rounds

More than 15 rounds

20. If more than 15 rounds, how many?

21. How many total hits on the suspect from the pistol RDS? *

Check all that apply.

- 1 round
- 2 rounds
- 3 rounds
- 4 rounds
- 5 rounds
- 6 rounds
- 7 rounds
- 8 rounds
- 9 rounds
- 10 rounds
- 11 rounds
- 12 rounds
- 13 rounds
- 14 rounds
- 15 rounds
- More than 15 rounds

22. If more than 15 rounds, how many?

23. What was the approximate distance of the shooting? If there were multiple engagements, please check the longest distance... *

Check all that apply.

- Less than 5 yards
 5 - 10 yards
 11 - 15 yards
 16 - 20 yards
 21 - 25 yards
 More than 25 yards

24. Did the shooter fire two-handed or one-handed? *

Mark only one oval.

- Two-handed
 One-handed (primary hand)
 One-handed (support hand)

25. What general position was the shooter in at the time of the shooting? *

Mark only one oval.

- Standing
 Kneeling
 Sitting
 Prone

26. What was the lighting conditions of the environment at the time of the shooting? *

Mark only one oval.

- Light / no light source needed for suspect identification
- Ambient / light source was optional
- Dark / light source needed for suspect identification

27. If a light source was used, what was it?

Mark only one oval.

- Weapon-mounted light
- Hand-held flashlight
- Lights from agency vehicle(s)
- Other

28. Did the shooter have difficulty / delay in seeing the red dot during the shooting? *

Mark only one oval.

- No
- Yes

29. Did the shooter perform any slide manipulations during the shooting? *

Mark only one oval.

- No
- Yes

30. IF YES...did the RDS aid or interfere with the manipulation?

Mark only one oval.

- Aid
- Interfere
- Neither

31. Did the RDS fail or become occluded in any manner during the incident? *

Check all that apply.

- No
- Yes

32. IF YES...please describe the failure / occlusion...

33. IF YES...how did the shooter overcome the failure / occlusion?

Check all that apply.

- Used back up sights
- Used alternate aiming methods with the RDS
- Unsighted firing / point shooting
- Fixed failure / occlusion and used RDS

Skip to question 34

Overall Performance

34. Was the shooter satisfied with the use and performance of the RDS? *

Mark only one oval.

- Yes
- Undetermined
- No

35. IF NO...please explain...

36. Anything notable about this incident that relates to the use of pistol RDS?
