

# Civilian Firearms Instructor: Advanced Training Course

January 26-27, 2019  
Ben Avery Shooting Facility, Phoenix

## \$500

This 2-day / 16-hour advanced training course is designed for firearms instructors who have obtained a 16-hour civilian pistol instructor certification from a reputable organization such as the NRA, USCCA, SAF, etc. This course will cover the critical information that is not covered in initial instructor certification courses, will challenge firearms instructors to take a critical look at traditional training philosophies and methodologies, and will take firearms instructors to the next level of instruction and presentation to enhance their training programs. This course will show instructors how to push their student's skills to the next level and also how to maximize their training time and ammunition allotment. The concepts taught in this course apply to ALL weapon disciplines for creating better training.

**NOTE:** Attendees must bring a copy of their 16-hour civilian pistol instructor certificate from a reputable organization such as the NRA, USCCA, SAF, etc.

### **Topics Covered:**

- A critical look at the fundamentals of marksmanship
- Firearms safety rules vs. Range safety rules
- Performance-based training vs. Outcome-based training
- Target selection for enhanced training
- Defining "advanced" firearms training
- Line drills vs. Solo drills
- Conducting a student assessment
- Instructor positioning
- Coaching & debriefing student performance
- Getting students to "self-discover" mistakes and solutions

### **Required Equipment:**

- Quality pistol and three magazines
- Belt holster and mag pouches (no concealment holsters)
- 500 rounds of pistol ammo
- Eye & ear protection
- Hat with a brim
- Knee & elbow pads
- Black marker
- Weather-related gear
- Hydration fluids & snacks
