

# Remedial Training & Coaching Specialist

October 9-10, 2023 / Fayetteville, AR  
Hosted by Washington County Sheriff's Office

## \$400.00

This 2-day / 16-hour instructor development course is designed to teach firearms instructors how to diagnose issues and correct performance for struggling shooters. Instructors are taught an algorithm to identify problem areas and shown drills and techniques to develop the skills necessary to master the skills required in Law Enforcement handgun qualification. Vision issues, neurological challenges and motor skills are explained and practical solutions are provided. Coach/shooter methodology is used, and support hand shooting is used as a teaching method to challenge instructors and teach empathy.

If your agency has a remedial training program (and it should) for struggling shooters who repeatedly fail the qualification, this course could help revise your remedial program and help improve the instructors who teach the program.

*This training course has no expiration date.*

### **Topics Covered:**

- Understand marksmanship fundamentals in detail
- Understand the skills needed for practical shooting
- Diagnosing shooting issues
- Provide targeted coaching
- Apply coaching techniques on the range
