

**SEMI-AUTO RIFLE INSTRUCTOR COURSE
20-ROUND QUALIFICATION | 100/50/25-YARD COURSE OF FIRE**

The purpose of this qualification is to ensure the FI candidate has the minimum rifle skills necessary to attend our FI certification course. This course of fire will test the FI candidate's ability to present a rifle quickly, demonstrate practical marksmanship, demonstrate weapon manipulation, and balance speed with accuracy. This qualification is NOT a test of the candidate's ability to win a deadly force confrontation.

Rules:

- 1) The 100-yard version of the qualification will be utilized. If a 100-yard range is not available then a 50-yard range can be used as a substitute using the 50-yard version of the qualification. If a 50-yard range is not available, then a 25-yard range can be used as a substitute using the 25-yard version of the qualification.
- 2) All drills will start with the rifle at the low ready or high ready position (muzzle pointed 45 degrees up or down) with no check weld established. Manual safeties will be on...no pre-selecting allowed.
- 3) Ammunition management is the shooters responsibility. No reloading commands or reminders will be given.
- 4) All rounds must be fired at the torso scoring ring unless head shots are indicated.
- 5) Any round fired after the time limit will result in a 1-point penalty regardless of where they hit on the target.
- 6) All 20 rounds must hit the silhouette with at least 18 rounds inside the primary scoring rings. Any round off the silhouette results in a failure / disqualification (DQ). Shooting the wrong target is a violation of firearms safety rule #4 and will result in a DQ.
- 7) Course instructor can award an alibi (free, untimed make-up shots) to a shooter for any legitimate reason. Shooter-induced malfunctions and running out of ammunition are not grounds for an alibi.
- 8) Shooters who fail the first attempt must complete the entire course of fire for their second attempt, not just the portion they failed.
- 9) Failing the qualification course twice will result in being released from the class.

SEMI-AUTO RIFLE INSTRUCTOR COURSE
20-ROUND QUALIFICATION | 100/50/25-YARD COURSE OF FIRE

<u>STAGE</u>	<u>DISTANCE</u>	<u>POSITION</u>	<u>ROUNDS</u>	<u>TIME</u>	<u>CONDUCTED</u>	<u>TOTAL ROUNDS</u>
1.	100 yds 50 yds	Standing to prone	2 rounds	10 sec 8 sec	1 time	2 rounds
2.	75 yards 50 yards	Standing to kneeling or sitting	2 rounds	10 sec 8 sec	1 time	2 rounds
3.	50 yards	Standing	2 rounds	6 sec	1 time	2 rounds
4.	35 yards	Standing, fire 2, empty gun reload, fire 2	4 rounds	12 sec	1 time	4 round
5.	35 yards	Clear double feed malfunction	3 rounds	15 sec	1 time	3 rounds
6.	15 yards	Standing, single shot to the head	1 round	3 sec	2 times	2 rounds
7.	10 yards	Standing, rapid fire	5 rounds	3 sec	1 time	5 rounds
Total rounds fired:		20 rounds, 18 rounds to torso and 2 rounds to head				
Target:		NLEFIA target or TQ-21 (any variant with same body/head scoring zones)				
Scoring:		One point per round. Any hits outside of the torso and head qual zones are a miss. Line breaks score to the outside zone. Any round off the silhouette is a failure / disqualifier (DQ).				
Points possible:		20				
Passing score:		18 (90%)				

25-Yard Range: Run the 50-yard course of fire. Stages 1-5 are done at 25 yards. Standard is the 12" circle for torso shots (blue circle on diagram).

STAGE 4 SET-UP: One round in the chamber and a 1-round magazine inserted into the rifle. Have another loaded magazine available.

STAGE 5 SET-UP: Bolt locked back. Insert loaded magazine. Place loose round on top of magazine and ride the bolt forward slowly. Have another loaded magazine available. Malfunction clearance technique utilized by the candidate is irrelevant.

STAGE 7: Test candidates one at a time.
