

National Survey - OIS with Pistol RDS

* Required

1. What is your involvement with this OIS incident? *

Mark only one oval.

- LEO that used the pistol RDS in the OIS
- Investigator directly involved with the OIS investigation
- Firearms Instructor debriefed on the OIS incident
- Other

2. IF OTHER...please describe your involvement...

3. Please list name and email address in case clarification or additional questions are needed about this incident... *

Skip to question 4.

Pistol / RDS Information

4. What was the pistol make, model, and caliber? *

5. What was the RDS make, model, and dot size? *

6. How was the RDS attached to the pistol? *

Mark only one oval.

- Milled slide
- Adapter plate (Glock MOS style)
- Rear sight dove tail mount
- Other

7. IF OTHER...please describe...

8. Please describe the back-up sights that were used in conjunction with the RDS... *

9. Did the RDS fail or become occluded in any manner during the incident? *

Mark only one oval.

- No
- Yes

10. IF YES...please describe the failure / occlusion and the circumstances...

11. IF YES...how did the shooter overcome the failure / occlusion?

Mark only one oval.

- Used back up sights
- Used alternate aiming methods with the RDS
- Unsighted firing / point shooting
- Other

12. IF OTHER...please describe...

Pre-Incident / Training Information**13. How long had the shooter been carrying a pistol RDS prior to the incident? ***

Mark only one oval.

- Less than a year
- 1 Year
- 2 years
- 3 years
- More than 3 years

14. Did the agency require the shooter to attend any pistol RDS training before deploying with it? *

Mark only one oval.

- No
- Yes

15. IF YES...how many hours of training?

Mark only one oval.

- 3-5 hours / half day
- 8-10 hours / 1 day
- 16-20 hours / 2 days
- 24-30 hours / 3 days
- More than 3 days

16. Approximately how many total hours of formal live-fire training (agency and private sector) did the shooter have using a pistol RDS prior to the incident? *

17. **Approximately how many practice rounds (agency training, private sector training, and personal practice) total did the shooter use with a pistol RDS prior to the incident? ***

Mark only one oval.

- Less than 1000 rounds
- 1000 - 2000 rounds
- 2001 - 3000 rounds
- 3001 - 5000 rounds
- More than 5000 rounds

OIS Incident Information

18. **Please list the date and location (city/county/state) of the OIS... ***

19. **Was the OIS an "on-duty" or "off-duty" incident? ***

Mark only one oval.

- On-duty
- Off-duty

20. **How many total shots fired using the pistol RDS? ***

21. **How many total hits on the suspect from the pistol RDS? ***

22. **What was the approximate distance of the shooting? If there were multiple engagements, please check the shortest and longest distance... ***

Check all that apply.

- Less than 5 yards
- 5 - 10 yards
- 11 - 15 yards
- 16 - 20 yards
- 21 - 25 yards
- More than 25 yards

23. Did the shooter fire two-handed or one-handed? **Mark only one oval.*

- Two-handed
- One-handed
- Both

24. What general position was the shooter in at the time of the shooting? **Mark only one oval.*

- Standing
- Kneeling
- Sitting
- Prone
- Other

25. What was the lighting conditions of the environment at the time of the shooting? **Mark only one oval.*

- Light / no light source needed for suspect identification
- Ambient / light source was optional
- Dark / light source needed for suspect identification
- Other

26. IF OTHER...please describe...?

27. If a light source was used, what was it?*Mark only one oval.*

- Weapon-mounted light
- Hand-held flashlight
- Lights from agency vehicle(s)
- Other

28. IF OTHER...please describe...

29. Did the shooter have difficulty / delay in seeing the red dot during the shooting? *

Mark only one oval.

- No
- Yes

30. Did the shooter perform any slide manipulations during the shooting? *

Mark only one oval.

- No
- Yes

31. IF YES...did the RDS aid or interfere with the manipulation?

Mark only one oval.

- Aid
- Interfere
- Neither

Skip to question 32.

Overall Performance

32. Was the shooter satisfied with the use and performance of the RDS? *

Mark only one oval.

- Yes
- Undetermined
- No

33. IF NO...please explain...
